Spalding DeDecker hires Mark Collins, PE as Municipal Project Manager

Rochester Hills, MI (October 07, 2020) – Spalding DeDecker (SD), a leading civil engineering, planning, and surveying firm, hires Mark Collins, PE as municipal project manager. With more than 35 years of experience in the industry, Mr. Collins will be responsible for managing our municipal teams, infrastructure design, and overall project coordination from the conceptual stage through construction. Mark specializes in design for municipalities across Michigan and has experience representing municipalities and performing plan reviews.

Mr. Collins earned his Bachelor of Science degree in Civil Engineering and Architecture from Lawrence Technological University in Southfield Michigan. He is a Licensed Professional Engineer in Michigan, Texas, Massachusetts, and Georgia. His civil engineering expertise is crucial in Spalding DeDecker's ability to offer clients innovative civil design services.

"Mark brings diverse perspectives from both the site development and municipal engineering field, which will benefit both our staff and clients," said Steve Benedittini, president of Spalding DeDecker. "I'm delighted that he is joining our municipal team!"

About Spalding DeDecker

Established in 1954 and celebrating its 67th year in business, Spalding DeDecker is an employee-owned consulting engineering and surveying firm specializing in infrastructure, land development, and surveying. Headquartered in Rochester Hills, Michigan, along with several regional offices, Spalding DeDecker offers a diverse set of skills to clients seeking solutions to construct and maintain their infrastructure. The firm offers municipal engineering, construction engineering, transportation engineering, land development, pavement management, roof and building envelope assessment, land surveying services, and urban planning.
