Spalding DeDecker Welcomes Senior Survey Project Manager John Vidican, PS back to the Team.

Rochester Hills, MI (May 31, 2024) – Spalding DeDecker (SD), a leading professional land surveying, civil engineering, planning, and landscape architectural firm, re-hires John Vidican, PS as a Senior Survey Project Manager.

John Vidican has 25 years of experience in the surveying industry, with additional experience in construction. He brings valuable expertise to ensure the successful execution and continuous improvement of diverse projects, focusing on quality workmanship, operational efficiency, and budget optimization.

John successfully led and completed a multitude of surveying projects of varying scales, including work for large industrial facilities, residential subdivisions, K-12 and higher education, health care facilities, automotive facilities, transportation projects, and oil and gas projects. Additionally, John worked on numerous municipal projects. As a Sr. Survey Project Manager, he will be developing client relations, attending project meetings, writing proposals, and assisting with the management of several project surveyors, survey technicians, CAD drafters, and field crews.

John received his Bachelor of Science in Surveying and Engineering from Ferris State University in 2002 and is registered as a Professional Land Surveyor in Michigan and Ohio. He is also affiliated with various professional groups, such as the American Congress on Surveying & Mapping and the National Society of Professional Surveyors.

“The continued success of Spalding DeDecker’s Survey Department has resulted in a need for us to add talent to our already strong team. I am extremely excited to bring John Vidican back to Spalding DeDecker. He brings a wealth of experience and technical expertise, as well as a strong client service attitude, which will help us grow even stronger,” said Steve Benedettini, president of Spalding DeDecker.

About Spalding DeDecker

Established in 1954 and celebrating its 70th year in business, Spalding DeDecker is an employee-owned consulting engineering, planning, and surveying firm specializing in land surveying, infrastructure, land development, and urban planning. Headquartered in Rochester Hills, Michigan, along with several regional offices, Spalding DeDecker offers a diverse set of skills to clients seeking solutions to plan, construct, and maintain their infrastructure. The firm offers professional land surveying services, municipal engineering, construction engineering, transportation engineering, land development engineering, pavement management, urban planning, and landscape architecture.
